This amazing cabin has views in all directions! Whether you're looking to live off the grid, have a vacation house, or own your own piece of the Black Hills this is what you've been looking for! The cabin is currently ran off a generator but can be connected to electricity which is nearby! Rain barrels collect water for the outside plants and to flush the toilet. 2 wood burning stoves, 1 with a baking oven, keep the cabin warm for year round use! Established landscaping around the cabin! Nice covered deck for relaxing and enjoying the views! Property is located right off Hwy 85 for easy access, but also has privacy with no neighbors nearby!
